# INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Belmont, Cramerton, Mount Holly and Stanley Directory since 1941), present to subscribers and the general public, this, the 1970 edition of the Belmont, Cramerton, Mount Holly and Stanley City Directory, which also includes McAdenville. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Belmont, Cramerton, Mount Holly and Stanley's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Belmont, Cramerton, Mount Holly and Stanley to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Belmont, Cramerton, Mount Holly and Stanley Directory will fulfill its mission as a source of authentic information pertaining to the communities.

## Five Major Departments

The five major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the communities, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Belmont, Cramerton, Mount Holly and Stanley, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Belmont, Cramerton, Mount Holly and Stanley, and the name, official personnel, nature and address of each firm and corporation in the communities.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

## Community Publicity

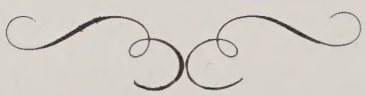

The Directory reflects the achievements and ambitions of the communities, depicting in unbiased terms what they have to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Belmont, Cramerton, Mount Holly, Stanley and vicinity.

## The Belmont, Cramerton, Mount Holly and Stanley Out-of-Town City Directory Libraries

Through the courtesy of the publishers of the Belmont, Cramerton, Mount Holly and Stanley Directory, a Directory Library is maintained in the offices of the Belmont Chamber of Commerce, and the Mount Holly Chamber of Commerce, for free reference by the general public. These are two of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## General Review

Belmont is located in what is known as the South Point section of Gaston County. This section is formed by the junction of the South Fork River with the Catawba River. Belmont is the second largest town in Gaston County. Two hundred years ago this section was inhabited by thousands of the tribe of Catawba Indians, and it is from this tribe that the river which divides Mecklenburg and Gaston counties gets its name.

No section of Gaston County is richer in history than this section, in which Belmont is located. During the War of the Revolution, Major Wm. Chronicle, from this section, together with many from South Point, fought in the battle of Kings Mountain and in other important engagements in the war.

Many from this section, with family names now prominent in Gaston County, served in the Civil War. The same was true in the Spanish-American War of 1898 and the World War of 1917 and 1918, and of those who served in World War II and the Korean War.

An example of the rich history of this section is the monument, near Belmont, erected on what is alleged to be the spot where Nancy Hanks, mother of Abraham Lincoln, lived with her uncle, Dicky Hanks, during her girlhood, before marrying Thomas Lincoln and moving to Kentucky. The monument is of granite, and stands in South Point Township of Gaston County, a mile from Belmont, on the farm formerly owned by the late C. T. Stowe. It was erected by descendants of Mr. Stowe.

The Southern Railway built its road through this section in the early 1870's, and this hitherto agricultural section soon became a trading center of much importance. In 1878, leaders of the Order of St. Benedict, with Leo Haid as director founded a monastery here, which is known as the Belmont Abbey, and about that time this trading center was named "Garibaldi." In 1895, by an act of the General Assembly of North Carolina, Belmont became an incorporated town with a population of approximately 100.

During the 70 years that have come and gone since then, the town has grown rapidly. In 1900, the population of Belmont was 145; in 1910, 1,176; in 1920, 2,941; in 1930, 4,121 and in 1940, 4,356; in 1950, 5,330. The U. S. Census of 1960 gave the town a population of 5,007.

1970 4,718

This community, known as "Greater Belmont," has a population of 15,021.

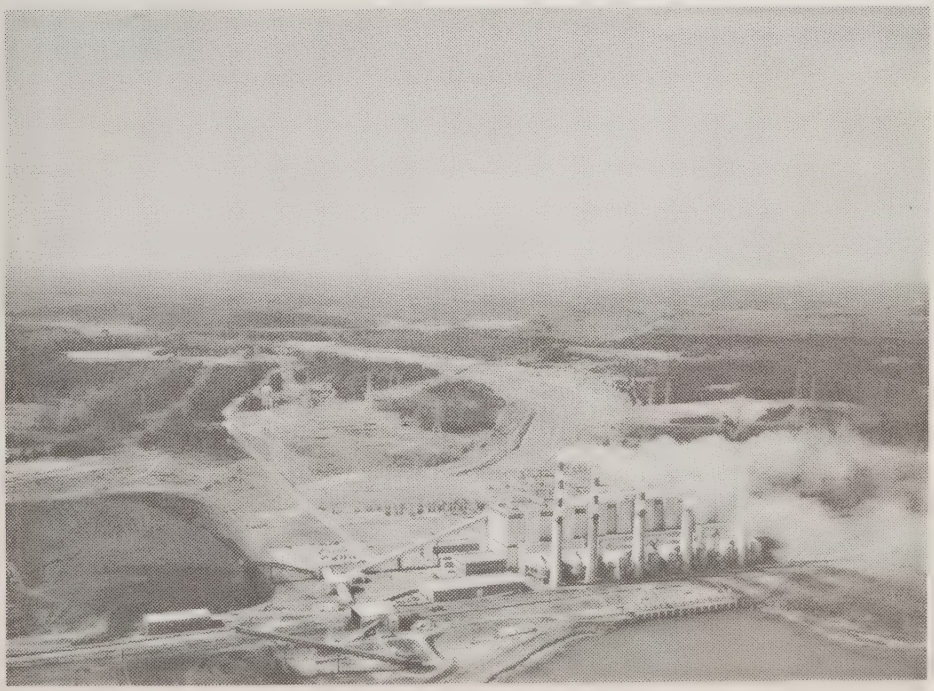

Belmont is primarily a manufacturing town. In its trade territory there are 30 manufacturing establishments, employing 6,500 men and women and having a payroll in excess of $15,000,000 annually. The majority of these plants are spinning mills. Others include a dye plant, a processing and finishing plant, a silk-throwing plant for the manufacture of men's hosiery, two plants manufacturing full-fashioned hosiery, a box factory, a lumber company and several knitting mills.

The products of most of these manufacturing corporations are sold in every country in the world.

Belmont has an aldermanic form of government, with a mayor and five aldermen elected at large. Its finances are in excellent condition, the town having taxable property amounting to $19,370,362 and with a tax rate of only $1.25 per $100.

Belmont has all the conveniences found in the larger cities. It has twenty-six miles of sewer line. It has 25.97 miles of paved streets completed. It has 2 miles of secondary streets; over ten miles of concrete sidewalks; a modern water system; adequate departmental equipment, including 2 modern fire trucks, tractors, trucks and other accessories, a community house and recreational center; a modern athletic field, including parks, tennis courts, football field, baseball field, and a stadium with a seating capacity of 4,000, representing an expenditure of more than $2,000,000 in permanent capital assets of the city.

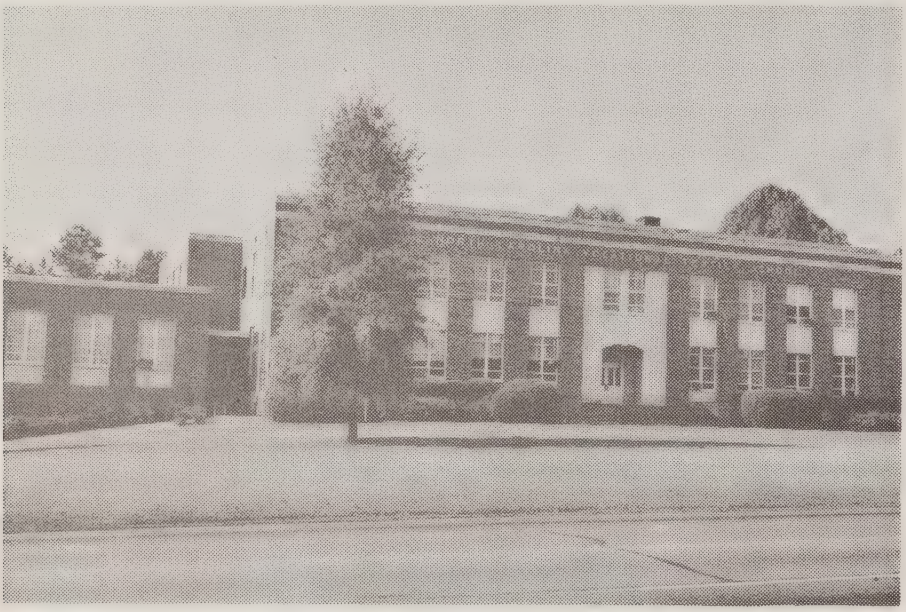

Belmont is especially proud of its school system, consisting of 10 buildings. A 28 room, $1,380,104 high school building was completed for use at the beginning of the school term in September, 1964. The system employs 145 teachers and has a total enrollment of 4,222 students.

Duke Power Company—Plant Allen

Numerous championship athletic teams and dramatic and forensic groups have been produced at Belmont High School and at Belmont Abbey. Two years after Belmont High School's band was organized, it won the national championship in its class at a national tournament in Richmond, Va., in the spring of 1941.

While speaking of schools, it must not be overlooked that Belmont is a college town. For here are situated Belmont Abbey College for men and the Sacred Heart College for Wome. Belmont Abbey is the oldest Catholic institution of learning in the South Atlantic states. It draws its students from throughout the North and the Atlantic Seaboard and from a number of foreign countries. An increasingly large number of students from Belmont and Gaston County attend this institution.

**North Carolina Vocational Textile School**

**Aerial View of Sacred Heart College, Belmont, N. C.**

Sacred Heart College for Women is conducted by the Sisters of Our Lady of Mercy. It also numbers many Gaston County young people among its students. Sacred Heart is now a four-year senior college.

Belmont Abbey is a Benedictine monastery, the abbot of which is an ordinary; that is, he has jurisdiction over the eight counties of western

North Carolina akin to the jurisdiction of a bishop of his diocese. It is the only abbey of its kind in the U. S.

Because of the connection of the abbot-ordinary, the Abbey church is also a cathedral--the only abbey cathedral in the U. S. The stained glass windows in the Abbey Cathedral are from Myers Brothers studios in Munich, Bavaria. They are nationally-known because they were awarded the gold prize at the World's Fair in Chicago in 1892.

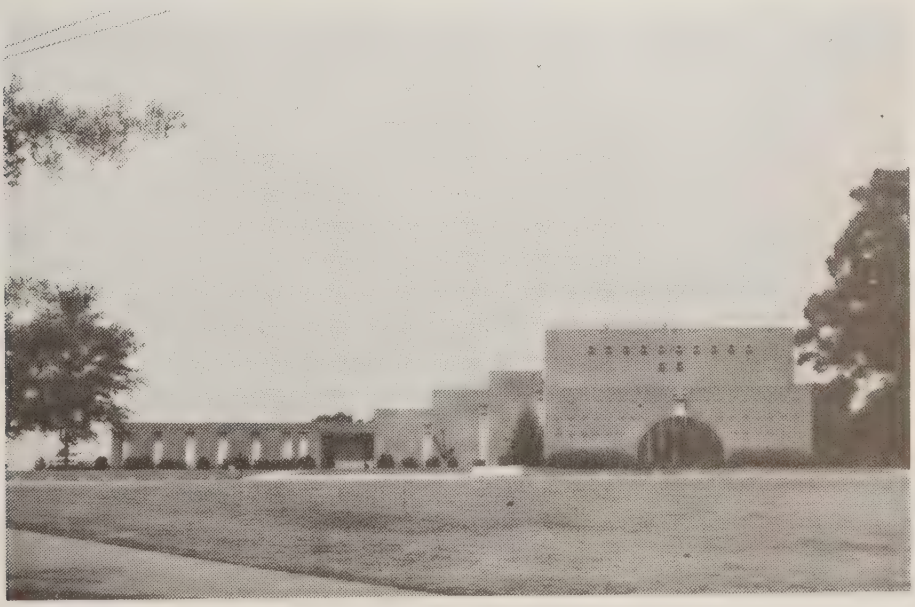

Of great historical interest on the campus of the Belmont Abbey College is the Slave Block (perhaps the only genuine slave block in the country). It is a round block of natural stone, measuring about three feet in diameter and about $4\frac{1}{2}$ feet in length. Slaves were sold and exhibited on this stone in antebellum days.

Another point of interest on the Abbey campus is the Dutch Oven Bakery of the institution. This bakery has been in use for over 50 years, and the baking is still done in this old form of fireless cooking. Also of religious interests is the Grotto on the Abbey campus. It is an outdoor chapel recessed in the side of a hill in a rustic stone setting, a shrine at which religious services are held.

Nearly all the civic clubs have units or chapters in Belmont. The Belmont Rotary Club, the Belmont Kiwanis Club, the Belmont Business and Professional Women's Club, also Belmont Lions Club, Belmont Jaycees, Optimist Club, the American Legion, the Legion Auxiliary, the Parent-Teachers Association, the Belmont Chamber of Commerce--these organizations are all working actively towards the building of a larger community and a more worthwhile city.

Belmont extends a cordial welcome to visitors, industries and home-seekers. Specific information regarding Belmont and surrounding area will be gladly furnished by:

The Belmont Chamber of Commerce

Queen of Apostles

The citizens of Belmont are a church-going people. All leading religious denominations are represented here. Forty-seven churches furnish the citizens ample places for worship. Each of these has an able and well-qualified man as pastor. These fine churches, with their large and loyal congregations, add much to the attractiveness of the town, a convincing inducement for the people to locate here permanently.

Belmont Chamber of Commerce Building

The American Legion Building is located on Park Drive. This beautiful building, complete in detail and furnishings, was donated to the American Legion by the Lineberger Foundation of Belmont, North Carolina. This structure serves as The Home of the Auten-Stowe Post No. 144, American Legion, Civic Club meetings are held here and the building is frequently used for social gatherings of many groups and parties.

All in all, Belmont is a wholesome, friendly community with a promising future to match its rich past. There is a spirit of cooperation among the people and the business of the community, the pride in the growth of Belmont's industries and varied institutions. There is a deep consciousness of the history of the town, and the people look confidently towards the future, feeling sure that the community will continue to prosper and grow.

## General Review

The city of Mount Holly, located in Riverbend Township on the west bank of the Catawba River, is exceedingly proud of its contribution to the history of Gaston County, and has reason to be. It is one of the oldest cities in the county, having earliest settlers almost entirely of Scotch-Irish descent. Two pioneer families of the community held land grants from King George II of England. Another land owner, Robert Alexander, planter and soldier of the Revolution, was one of the first members of the General Assembly in 1781-1787. His home, the "Old Hutchinson Place" and the farm of General D. H. Hill are two historical sites here.

One of the many interesting points in Mount Holly's history is the fact that it was the first in the county to boast a railroad, causing the city to become a focal point for business and transportation. In the earlier days the city was known as Woodlawn, even though the railway station, where the Carolina Central Railroad ran through in 1869, was called Tuckaseege. When the citizens decided to incorporate in 1889, the name Mount Holly was chosen. This name is attributed to two sources. The Mount Holly Mills, built in 1874, were, as some say, so named because at that time, Mount Holly, New Jersey produced the best yarn and local proprietors wanted the name of their plant to be synonymous with the best products. Another source ascribes it to a number of holly trees growing on the banks of the nearby Dutchman's Creek.

Making the city readily accessible are nearby airports, train stations, and intra-city bus lines. Providing Mount Holly with the most modern business facilities are department stores, loan offices, drug stores, super markets, gas stations, furniture stores, banking, building and loan, hardware, auto supplies, automobile sales, and restaurants. The city is kept informed by a weekly newspaper, The Mount Holly News.

One of Mount Holly's Fine Homes

Mount Holly serves its nearly 8,000 people with all the conveniences found in the larger cities. It has 26 miles of paved streets. A football field, baseball field, tennis court, and basketball court furnish the resources for the city's athletic events. It has a police department with twelve men, 3 patrol cars, and a station in the heart of the city; also, a fire department with 4 regular men, a number of volunteers, and a new station. Also rendering its services to the city is a volunteer life saving crew.

In its first charter W. T. Love was named mayor, and its first elected mayor was W. B Rutledge. These two men, succeeded by many other capable leaders, have been responsible for Mount Holly's rise from the position of seventh in size in Gaston County to second.

In the city's early days, farming was the principle means of making a living, but the year 1848 brought the building of the first textile plant in the county at Mountain Island, which was to change the citizens way of life. This one was followed by three others, established here during the late 1880's and the early 1890's. The year 1906 saw the construction of Woodlawn Mill, the first in Gaston County to be run by electricity.

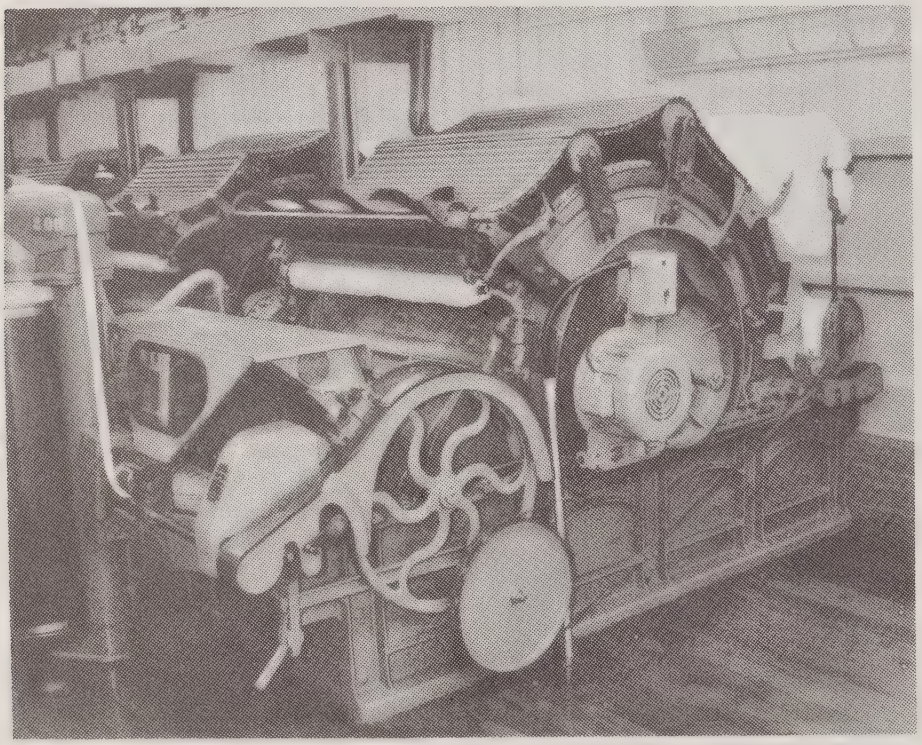

Mount Holly's most important industry is textile manufacturing, with its modern plants tending to establish the industry. The largest economic influence has been American-Efrid Mills, Burlington Industries, Superior Yarn Mills, Fieldcrest Mills, Inc., Leaksville Woolen Mills and Sou-Tex Chemical. Located just outside the city are Southern Dyestuff Company, and Gaston County Drying Machine Company.

Mount Holly has been governed by the council-manager form of administration for the past 10 years. It consists of a mayor, council, and manager. Elected for a term of 2 years, the mayor is the official head of the city. Council members are elected for terms of 4 years, with the city approving the city's budget and tax rate, passing all laws governing the city, being directly responsible for the conditions of municipal affairs, and appointing a city manager who serves as the administrative head of the city government. Elections are held every 2 years following the first Monday in May.

The school system, known as one of the best, consist of nine large buildings. Providing education for students in grades 1-12. Schools were consolidated in 1967 in Gaston County.

Fostering a strong sense of spiritual morals are 19 local churches,

including places of worship for the Methodist, Lutheran, Presbyterian, Episcopal, Baptist, Church of God, and Holiness. Action organizations affording members of the community the opportunity to meet together are the Lion's Club, Masonic Order, Rotary Club, the Optomist Club, Junior Chamber of Commerce, American Legion, Veterans of Foreign Wars, Women's Civic Club, and the Chamber of Commerce.

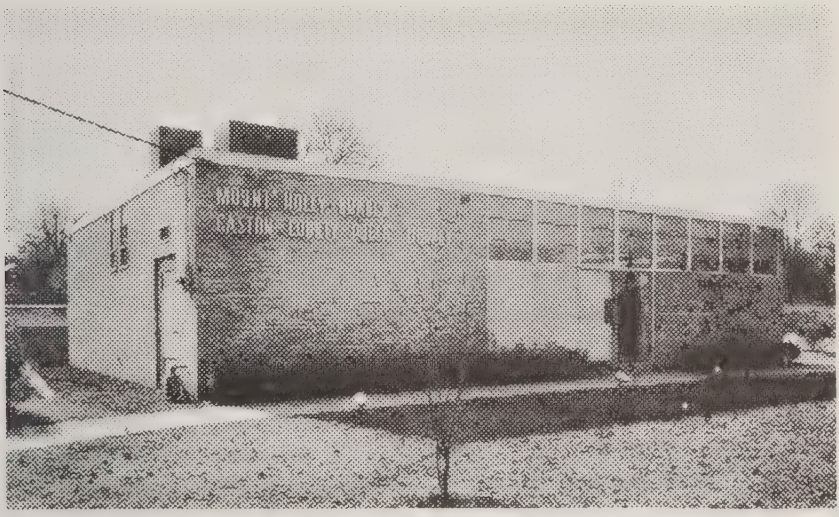

Machinery for textile mills

The city is the scene of a great deal of recreational activity. Organized playground facilities are provided at both the white and colored schools during the summer. The Mount Holly Recreation Association offers its members swimming and tennis, and for the sportsmen, there is boating, skiing, and fishing on the nearby Catawba River. The fine Green Meadows Golf Course provides leisure and fun for the golf enthusiasts.

The modern high school auditorium and large community building are the scenes for beauty pageants, plays, club meetings, banquets and dances. Mount Holly has become popular statewide for its annual staging of a weeklong Textile Festival, marked by festive street dancing, parades, athletic events, and community get-togethers.

Through enthusiastic efforts of the city's Beautification Commission, much interest has been shown by each of the city's individuals toward making it a more beautiful place to live.

Friendly people, modern business and housing facilities, beautiful surroundings, provisions for education and recreation, and places of worship for all make Mount Holly the ideal place for family living.

## TELEPHONE NUMBERS, HOME OWNER SYMBOLS and ZIP CODES

---

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

# ★ *Out of Business* ★

**The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.**

★

**The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.***

# CITY DIRECTORY USAGE SOARS TO NEW HIGH!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.
